2019-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Magnolia Science Academy 4, is a classroom-based charter school serving grades 6–12 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2008, MSA-4's mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.

MSA-4 currently serves 166 students in grades 6-12. Our students come from Valencia to the north, Lomita to the south, Venice to the west and Fontana to the east. Our population consists of a variety of students, some of which have a language other than English spoken at home. A high concentration of our families experiences economic challenges. MSA-4 's diverse enrollment is comprised of 79.52% Hispanic/Latino, 16.27% African American/Black, 3.61% white and 0.6%, 74.7% Socioeconomically Disadvantaged, 22.89% Special Education, and 8.43% English Learner population.

MPS strives to graduate students who come from historically under-served neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-4 is supplemented by tutoring, after-school programs, and school-to-university links.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The Charter School LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

- The need to continue our improvements in designated/integrated English Learner services
- Expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs
- Providing counseling and positive behavior intervention support services to our students by employing the following:
 - PBIS – Positive Behavior Intervention and Supports
 - MTSS – Multi-Tiered Systems of Supports
 - Imagine Etiquette – Mentoring and leadership program
- Keeping effective teachers and improving teacher observation and evaluation systems

The Charter School has also worked on its expected annual measurable outcomes to set targets in areas of greatest need and to close performance gaps among student groups. This includes the consistent and targeted use of IAB (interim assessment blocks) and Map (Measures of Academic Progress) data to inform and drive our day-to-day instruction. MSA 4 spends quality time analyzing our data. We then spend time collaborating and planning around how to best support our students in our efforts to close the performance gap.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

MSA 4 celebrates our successes around our graduation, reclassification rates and college acceptance rates.

Our graduation rate continues to be strong. We have maintained a rate of 90% or above for the last 3 years and are on track to maintain that rate for the upcoming year. This is an area of considerable pride for us in that we often enroll students with credit deficiencies and/or other challenges and manage to support them as they make strides toward academic and social success. We seek out opportunities for them to complete coursework in an expeditious manner by way of Odysseyware. This is an online platform that allow students to work at an accelerated rate to complete credit recovery courses. Our students know that we will support them in the manner that they need.

MSA 4 celebrates the fact that we have actively created a college going culture. As a result our college acceptance rate has been fairly strong over the last 4 years. Please see the following chart regarding our college acceptance rates:

	Class of 2015	Class of 2016	Class of 2017	Class of 2018	Class of 2019
4 year	76%	35%			
2 year	10%	55%	67%	52%	62.5%
Did not apply/other	16%	5% (Voc. Ed) 5%			

MSA 4 remains committed to ensuring that our students are supported and presented with the various programs available to them as a post-secondary option.

MSA 4 also offers our students SAT preparation and community service opportunities to bolster each student’s application. We have come to know that while a great GPA used to be the “magic ticket” to gain acceptance to the college of choice, that is no longer the case. Students now need something to set them apart from the next student with a equally great GPA.

MSA 4’s students placed 2nd and 3rd places in high school science and art at this year’s MPS STEAM Expo. Our teachers and students worked very hard to present quality projects. We are actively working to integrate all facets of STEAM to enhance our students’ learning.

MSA 4 also realized a slight increase of 2% in survey results in the area of overall satisfaction with our parent body. This is rather important in that they are our primary clientele.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

This year MSA 4 continues to focus on our overall student data; however, more of an emphasis on math as that is the area where our students continue to struggle. Our performance band went from yellow to the red band on the California Dashboard. MSA 4's overall proficiency rate was 8%. Our focus is working to move the 92% toward proficiency.

MSA 4 will continue using IAB (Interim Assessment Block) data to track student progress and plan for more targeted instruction and interventions.

MSA 4 experienced a decline in the area of overall satisfaction for our student and staff. This year there have been an increase in challenging behaviors. MSA 4 continues to employ PBIS (Positive behavior Interventions and Supports) and MTSS (Multi-Tiered Systems of Support) with our students. We will also continue with PD for all staff in these areas.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

MSA 4 realizes that there is a continued need to reduce the number of students who are not meeting or exceeding standards in ELA and Math. A persistent school-wide goal is to reduce the percentage of students who are not attaining proficiency by 9% over the next 3 years.

In an effort to support our students in these areas, students assigned to Power English, Power Math, after-school tutoring and Saturday school. The expectation is that students are provided targeted interventions. Each student's progress is monitored, and students may transfer into another elective once they have made adequate gains toward proficiency.

MSA 4 has completed SWOT (strength, weaknesses, opportunities and threats) analyses. This practice was adopted during the 16-17 school year. All staff looks at student data and determine what might be preventing student gains in achievement and what might encourage students to perform at his/her optimum level. This is applied to all areas – academic, social-emotional, attendance, motivation and external contributors. This forces us as a school community to look at the whole child.

Sometimes we partner with outside entities to provide our students with additional resources. It may be counseling services, leadership, mentoring and enrichment.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

N/A

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

N/A

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Charter School will offer "Advisory" classes (college planning and career exploration program) and "College Readiness" classes and programs preparing students for college readiness, including test prep for ACT/SAT.	We offer "Advisory" classes in grades 9-12 and "College Readiness" classes and programs preparing students for college readiness, including test prep for ACT/SAT, in grades 9-12.	\$2,500 Naviance program (5000)(Base); \$3,000 College preparation materials (4000)(Base)	\$2,000 Naviance program (5000)(Base)

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We are compliant with our teacher assignments; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we do facility inspections periodically; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school

hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes.

Last school year our students experience an increase in the AP passing rates for world history. Our world history rate increased from 14% to 33%. Our AP Spanish rate continues to be strong at 80%.

As a result of our 2017 CAASPP math data, we revamped how Power Math was implemented this school year. We added more interventionists to support our students. Students are provided targeted small-group instruction according to each one's academic need. We have seen increases in our IAB and ICA data and expected to see an increase in our upcoming math data.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Goal 2

INNOVATION: All students will pursue academic excellence and be college/career ready.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Here you need to talk about that your data to show that these actions/services have been effective

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and expected outcomes, metrics, and actions and services. We have updated our budget for the upcoming school year based on technology needs and input from all stakeholders. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Despite an increase in challenging behaviors, we have been able to stay committed to the practices associated with PBIS. We continue to have a rate of 0% suspension/expulsions. Our parents' survey approval rate increased by 2%. Our graduation rate remains strong at 100% for the 3rd year. We are a small school with big school concerns, but we continue to send students to college at a rate above 90% annually.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We have a minimal difference in material cost.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on

acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. Per our survey results, we have a full-time college counselor for the 18-19 school year to help with the college planning and applications for our students. There was an addition of a Dean of students to help assist with rebuilding our school culture. Our school's survey results suffered due to a decline in our stakeholders feeling unsafe and concern regarding and increase of challenging behaviors.

Stakeholder Engagement

LCAP Year: 2019–20

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

In order to promote learning and provide a more positive learning experience for our students, MSA-4 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. These committees provide representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee provides valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress, an SSD plan with planned improvement in student performance in reading and mathematics and in programs for English Learners, and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include 8 PTF meetings, 7 SSC meetings, at least five parent activities/events including weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

The Charter School LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:

- Improvements in designated/integrated English Learner services
- Expanding after school, Saturday school, and summer school opportunities
- Providing counseling and behavior support services to our students
- Improving teacher observation and evaluation systems and keeping effective teachers
- Increasing college preparedness by offering a college planning and career exploration program for students early on, strengthening existing “Advisory” programs, offering special programs to prepare students for the SAT/ACT tests, and preparing students to take more AP courses
- Investing in effective technology and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom
- Expanding STEAM-based programs and activities
- Other input includes improving school facilities and the lunch program.

Unchanged Goal

Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 4, and 8

Local Priorities: N/A

Identified Need:

Priority 1:

- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials
- To ensure school facilities are maintained in good repair

Priority 2:

- To ensure implementation of state board adopted academic content and performance standards for all students

Priority 4:

- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English

To ensure our students are college/career ready

Priority 8:

To ensure student proficiency in all courses

Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- Charter School will continue to provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.
- ELD and ELA teachers will provide designated ELD to all EL students, with EL students who are Levels 1-3 participating in a full class period of targeted, protected ELD (differentiated by proficiency level), and Levels 4-5 receiving designated ELD in their ELA class, and, where possible, in an additional 25 minute session that focuses on reading and writing strategies, practice in speaking and listening, and academic vocabulary.
- During the day, Charter School will provide additional supports and interventions to all students, including ELs. Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday. Charter School

strives to refine targeted intervention and tutoring programs and plans to expand after school, Saturday school, and summer school opportunities.

- Charter School will provide ongoing Parent Training for all our parents, including bilingual parents. SSC and PTF meetings, as well as Parent College, are some of the venues we will provide training to our parents. Charter School will provide targeted assistance to low income students and their families in career/college readiness activities and guidance, including how to get financial aid. Parent training topics include, but are not limited to, how to assist students academically and behaviorally, how to navigate the educational system, including higher education, and other areas that will benefit all our students, including our unduplicated students.
- Foster youth will receive educational counseling. Foster youth will receive academic supports and remediation and will be encouraged and supported to engage in extracurricular activities in order to mitigate the effects of school mobility on foster youth.
- Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school. Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, Charter School uses home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with students performing below grade level.
- Charter School staff will implement restorative practices and PBIS to build positive communities and increase school connectedness. Charter School will provide academic supports and remediation, Life Skills classes, counseling, and social-emotional support to our students. Our teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will ensure that staff participate in PD on restorative practices and PBIS. Our Dean of Students and Behavior Counselor/School Psychologist will monitor student behavior and social-emotional progress.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under *EC* Section 52064.5.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents,

and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the “Goal #” box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, enter “Limited to Unduplicated Student Group(s)”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools

operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- The implementation of state board adopted academic content and performance standards for all students, which are:
 - English Language Arts – Common Core State Standards (CCSS) for English Language Arts
 - Mathematics – CCSS for Mathematics
 - English Language Development (ELD)
 - Career Technical Education
 - Health Education Content Standards
 - History-Social Science
 - Model School Library Standards
 - Physical Education Model Content Standards
 - Next Generation Science Standards
 - Visual and Performing Arts
 - World Language; and
- How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- How the school district will promote parental participation in programs for unduplicated pupils; and
- How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- Statewide assessments;
- The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- The percentage of English learner pupils who make progress toward English proficiency as measured by the English Language Proficiency Assessments for California (ELPAC);
- The English learner reclassification rate;
- The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the

Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

(1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:

(A) enrolled less than 31 days

(B) enrolled at least 31 days but did not attend at least one day

(C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:

(i) are enrolled in a Non-Public School

(ii) receive instruction through a home or hospital instructional setting

(iii) are attending a community college full-time.

(2) The number of students who meet the enrollment requirements.

(3) Divide (1) by (2).

(b) “High school dropout rate” shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(c) “High school graduation rate” shall be calculated as follows:

(1) For a 4-Year Cohort Graduation Rate:

(A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.

(B) The total number of students in the cohort.

(C) Divide (1) by (2).

(2) For a Dashboard Alternative Schools Status (DASS) Graduation Rate:

(A) The number of students who either graduated as grade 11 students or who earned any of the following:

(i) a regular high school diploma

(ii) a High School Equivalency Certificate

(iii) an adult education diploma

(iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.

(B) The number of students in the DASS graduation cohort.

(C) Divide (1) by (2).

(d) "Suspension rate" shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(e) "Expulsion rate" shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

Prepared by the California Department of Education, January 2019
