I. PURPOSE

The Magnolia Educational and Research Foundation ("MERF") is seeking a qualified firm to conduct its annual audit and render an opinion of MERF’s financial statements for the years ending June 30, 2021, June 30, 2022 and June 30, 2023. MERF requires a review of its operations to ensure compliance policies and regulations, safeguarding of assets, and the reliability and integrity of information.

II. BACKGROUND

MERF is a California not-for-profit organization headquartered in Los Angeles, California, that during the fiscal year ending June 30, 2019, operates ten (10) K through 12 charter schools serving 3,957 students in Los Angeles, Santa Ana and San Diego Counties. For more than a decade, MERF has delivered high quality education emphasizing science, technology, engineering and math. MERF is regularly recognized as having some of the top-performing schools in the nation with MPS Science Academy (Reseda) ranked among the top high school in the country by U. S. News and World Report and the Washington Post in 2012.

Having our students achieve their potential is an imperative for MPS, and as such each MPS charter petition delineates specific charter school’s annual goals, including goals to be achieved in the state priorities, core academic skill goals, and goals for lifelong learning and interpersonal skills. The charter petitions also describe specific actions to achieve those goals, measurable pupil outcomes, and methods for measuring pupil outcomes.

The engagement will include audits for each of the schools, LLCs and the organization on a consolidated basis.
